PROFESSIONAL EXPERIENCE

Associate Product Manager | Paytm

Noida, India **Jul 2025 - Present**

- Lead discovery with business stakeholders, merchants, and end users to identify product gaps, clarify pain points, and shape features aligned to user and business outcomes.
- Convert product priorities into PRDs, epics, user stories, use cases, and acceptance criteria, giving engineering and QA clear scope and success conditions.
- Partner with Product Design during UX reviews to improve user flows, simplify interactions, and document journey-level feedback for future iterations.
- Own backlog hygiene and sprint readiness in Jira; prioritize features based on customer impact, feasibility, dependencies, and release goals.
- Act as a day-to-day point of contact for engineering on requirement clarifications, scope trade-offs, delivery priorities, and launch readiness across product increments.
- Monitor release progress and post-launch feedback; support API-led integrations and maintain functional and technical documentation for internal and external stakeholders.
- Leverage AI tools to accelerate product research, Prototyping, vibe coding, requirement synthesis, documentation, and communication while identifying opportunities for automation, experimentation, and personalization.

Senior Project Associate - Product Development | Hippo Innovations Pvt. Ltd.

Gurugram, India **Dec 2023 - Jul 2025**

- Analyzed 50+ business use cases to define product requirements, map user journeys, and build PRDs and roadmaps that improved project clarity and execution speed by 30%.
- Partnered with engineering teams across React, Node.js, Angular, and Vue.js to shape scalable solutions for 5+ cloud-based products deployed on AWS and Google Cloud.
- Managed cross-functional delivery across discovery, planning, development, QA, and launch; improved release quality through structured testing and reduced post-production defects by 60%.
- Facilitated Agile ceremonies, backlog refinement, and stakeholder reviews using Jira, Asana, and Trello, increasing team productivity by 25%.
- Led client and business discussions to gather requirements, translate them into prioritized workstreams, and align execution with customer needs and technical feasibility.
- Used analytics and SEO insights to inform product improvements, driving 50% growth in web traffic and stronger user engagement.
- Identified AI/ML opportunities in workflow automation, intelligent search, predictive insights, and personalization; used AI tools to speed up documentation and delivery.

Senior Project Manager - Product Development | ANS Commerce (Flipkart Group Company)
Gurugram, India Sep 2022 - Dec 2023

- Led delivery for in-house commerce platforms, Kartify and Flipshop, driving roadmap execution, feature prioritization, and cross-functional coordination across engineering, design, and business teams.
- Authored PRDs for high-impact integrations including Shop by Color, MoEngage, Bose, and ITC Fiama, translating customer requirements into clear technical execution plans.
- Managed the end-to-end product lifecycle from ideation to launch and in-market iteration, aligning roadmap decisions with customer needs and commercial priorities.
- Incorporated customer feedback into design iterations and product improvements, contributing to a 15% increase in user satisfaction.
- Improved execution visibility and delivery discipline through Jira and Confluence, enabling timely launches, stronger stakeholder alignment, and more predictable delivery.
- Proposed reusable components and scalable integration patterns that accelerated feature rollouts and improved delivery efficiency across brand engagements.

to me, VISHAL

Hello Harshal,

I extend my gratitude to you and your team members, Kishn and Rohan, for the exceptional effort you dedicated to working on the store Substore order functionality within a limited timeframe and under short notice.

The completion and deployment of this task would not have been achievable without the hard work and commitment that you and your team have demonstrated. Thank you for your dedication!

Thanks & Regards,
Abdulhamid Imam

Kudos to the job done! External Inbox ×

to me, Shashi, Varun

Dear Harshal,

It has been a great experience working with you on the Fiama D2C website development! We have had our timeline clashes, recurring issues cropping up on website, or me demanding new functionalities for the website – no matter what, you have always been extremely helpful & patient in adding each and every functionality into the website. The entire bulk of the tasks, and the minute checks through each & every page of the website would have not been possible had it not been for your relentless effort & incessant pushing. However, I am glad that we reached this stage now where the website is up & running and its pretty! 😊

Don't think for a second that your job is done – we still have a long way to go to make our website perfect! But I know that in every step you will always be there to help & guide me through every step of the way. Here is to cheers to all the work we have done so far, and all the work we will do together in the future!

Thanks & Regards,
Ankita Mahapatra
Brand Manager – Fiama Innovations & DTC

to Shashi, me

Hi Harshal,

Really appreciate the work done by ANS team on our new website.

Quick response to our queries and issues has really been amazing.

Keep up the good work !

Thanks.

to me

Hi,

Writing to share sincere appreciation for the outstanding support provided by Store Hippo over the past year. Your proactive assistance and willingness to address numerous queries (both tech & general ones) have been invaluable.
Time and again, you have ensured that we have the information and query resolution that we needed to move forward successfully.

Thank you once again for your hard work and dedication!

Regards.

Hi Harshal/ Saurabh,

Writing to share sincere appreciation for the outstanding support provided by Store Hippo over the past year. Your proactive assistance and willingness to address numerous queries (both tech & general ones) have been invaluable.

Time and again, you have ensured that we have the information and query resolution that we needed to move forward successfully. Thank you once again for your hard work and dedication!

PS. Would request you not to post this anywhere since I'm not the authorized person. It is entirely my personal opinion, related to the work done in the past year.

Thanks & Regards,
Abha Sinha

Feedback Mail on Ekart Logistics project External Inbox ×

Rohit Sharma <rohitsharma.r@flipkart.com>
to me, Shashi

Hi Harshal,

Sharing feedback mail as requested.

- ANS team was very comfortable with catching the asks and execution
- Requirements and tweaks which we discovered along the way were well addressed
- Readiness to collaborate with Ekart team as and when needed
- Adherence to delivery expectations around the final product
- Easy to reach and connect based on need
- Single POC coordinated well with all ANS Internal teams
- Guidance and suggestions received from Shashi, Harshal and other team members

Overall it has been a good project and happy to be a positive customer willing to speak well of ANS and its team. Looking forward to build this together down the line.

Regards,
Rohit Sharma
Director, Ekart
